Please give feedback by way of:

- Course content:

I felt the course content was perfect, I have learnt more in a few months than I have learnt in a life time. I felt there was enough information on each unit for me to start a domestic construction company with more practice.

- Course delivery:

The delivery was top notch, easy to understand and direct approach after the main theory of health and safety.

- Do you feel that the course has given you knowledge that you didn't previously have? YES, I have learnt many life lessons here.

- Would you be interested in other similar courses?

I would love to do a similar course, especially if we have the same Tutor's or Tutor's with similar teaching styles.
